

Hormoz Chams M.D.

- 1938 (1317)** Born in Tehran
- 1961 (1340)** Bachelor of Science in Biology (B.S.) Davis and Elkins College U.S.A.
- 1963 (1342)** Master of Science in Microbiology (M.S.) West Virginia University U.S.A.
- 1963-1964 (1342-1343)** Post-Graduate work on Microanatomy West Virginia School of Medicine
- 1970 (1349)** Medical Doctor M.D. University of Paris France
- 1973 (1352)** C.E.S. in Ophthalmology, University of Paris
- 1972-1976 (1351-1355)** Interne en Medecine Quinz-Vingts Hospital , Paris
- 1976 (1355)** Assistant Prof. In Ophthalmology, Tehran University
- 1978 (1357)** Head of the Department of Retina at Farabi Eye Hospital
- 1985 (1364)** Associate Prof. in Ophthalmology, Tehran University of Med. Sciences
- 1996 (1375)** Prof. of Ophthalmology Tehran University of Med. Sciences
- 1985-1988 (1364 – 1367)** Examination board of Residency
- From 1990 (1369)** Consultant of the Iranian Medical Council
- From 1356 (1977)** Editorial Council of the International Journal ORBIT
- From 1987 (1366)** Editorial Board of Acta Medica Iranica
- From 1985 (1364)** Editorial Board of Iranian Journal of Ophthalmology and for few years Editor in chief
- From 2000 (1379)** Editorial Board of Iranian Journal of Surgery
- From 1983 (1362)** Member of the French Society of Ophthalmology
- From 1985 (1364)** Board of Directors of the Iranian Society of Ophthalmology
- From 1996 (1375)** President of the Iranian Society of Ophthalmology
- From 1987 (1366)** Member of the American Academy of Ophthalmology
- From 1987 (1366)** Honorary Member of the Syrian Society of Ophthalmology
- From 1986 (1365)** active participation at the French Congress of Ophthalmology, yearly congresses
- From 1987 (1366)** active participation in the Iranian Congresses of Ophthalmology
- From 1986 (1365)** active participation in the International Congresses of Ophthalmology
- From 2000 (1379)** on the international board of the ophthalmic assessments, International Council
- From 1998 (1379)** Editorial board of Iranian J of Surgery
- From 2015 (1394)** Senior Editor, Journal of Current Ophthalmology

President of the Iranian Society of Ophthalmology (IrSO)
Editor-in-Chief of the Iranian Journal of Ophthalmology (IrJO)
Emeritus Professor of Ophthalmology, Tehran University of Medical Sciences, Farabi Eye Hospital

PARTICIPATION AT THE CONGRESSES

- 2001 Dec. 18-21 11th Iranian Congress of Ophthalmology, 2nd International Congress, as President.
Epidemiology of Uveitis in the world
Ocular manifestations of Behcet's Disease
- 2001 Sept 19-22 Panarab Society of Rheumatology, by invitation
Ophthalmic manifestations of Behcet's Disease
- 2001 May, French Society of Ophthalmology
Etat de retinoblastome unilateral au moment de la premiere intervention medico-chirurgical en Iran (In press-Ophthalmologie)
- 2000 May, French Society of Ophthalmology.
La Maculopathy provoquee par l'eclipse solaire.
- 1999 Sept. International Agency for the prevention of Blindness.
Uveitis in leprosy-the influencing factors
- 1999 May. French Congress of Ophthalmology.
Vascularite retinienne dans la maladie de Behcet-le pronostic
- 1998 June, International Congress of Ophthalmology, Amsterdam
Incontinentia pigmenti-a case report
- 1998 May. French Congress of Ophthalmology,
Le teratome primaire de l'orbit-un nouveau cas.
- 1997 May, French Society of Ophthalmology,
Vascularite retinienne dans la maladie de Behcet-le pronostic
- 1998 Reggio Emilia (Italy) 8th International Congress on Behcet's Disease
Azathioprine for the treatment of ophthalmological lesions of Behcet's Disease
- 1996 Istanbul (Turkey) 8th Mediterranean Congress on Behcet's Disease.
Treatment of ophthalmologic manifestations of Behcet's Disease. Comparison of six methods.
- French Saociety of Ophthalmology.
The primary orbital tumors of orbit. A ten year survey at Farabi Eye Hospital
- 2002(Moscow) Congress on refractive surgery.
Comparison of lasek and PRK
- 12th national congress of Iranian Society of Ophthalmology
Macular edema in ocular-Behcet
The stage of retinoblastoma at the time of intervention in Iran. What protocol should be undertaken
- Saudi Arabi; Riaz
2003. Paris French Society of Ophthalmology.
The significance of vitreous and anterior chamber metastasis in retinoblastoma
- 2005 France, Paris SFO
La maladie de Behcet en Iran.
- 2006 Lisbon 19-23 Sep International Congress of Behcet's Disease
Conjunctival aphthous ulceration in BD
Is the intravitreal injection of long-acting corticoseois effective in reducing the macular edema in chronic ocular vasculitis of BD.
- 2008 France, Paris SFO
Retinoblastome familial. Une etude a l' hopital Farabi de

Tehran de 1977 a 2003.

2008 Austria
24-27 May

International Congress of Behcet's Disease
***Rituximab in treating macular edema in Behcet's disease.
Risk factors and causes of blindness in BD.***
